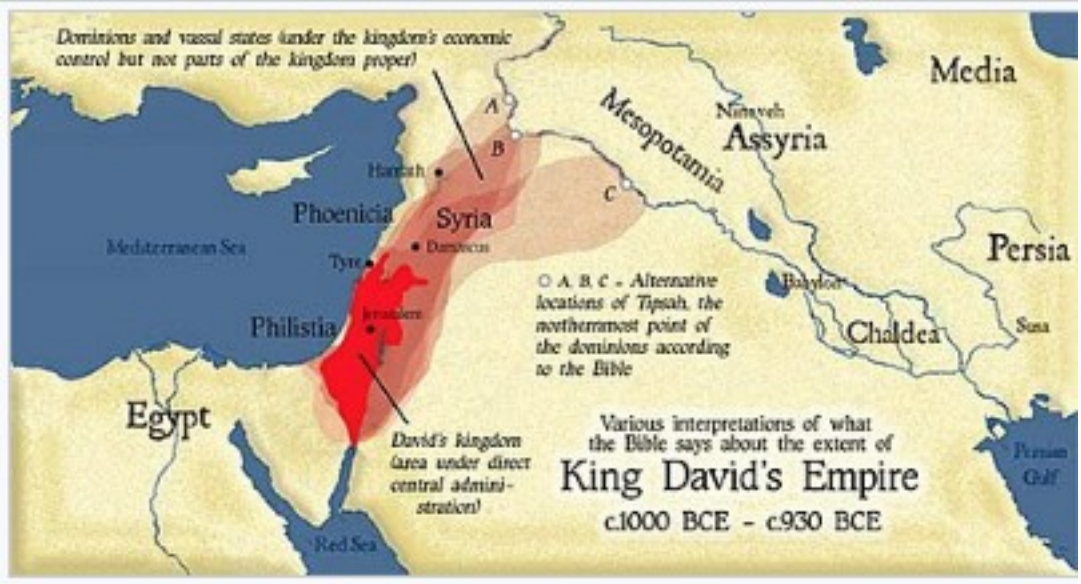
# THE SHERLOCK HOLMES IN ME IS DIGGING DEEPER INTO THE ORIGINS OF THE JEWISH AND HEBREW PATRIARCHS

## A BRAHMAN PRIEST



Yahweh's Jews and the Edomite Canaanite nose

We are living in a time frame where prophecy warnings tell us that the TRUTHS WILL START COMING OUT regarding to how corrupt the CHURCH and STATE are. As you know, the Bible is riddled with misinformation, disinformation and lies, yet for me that is a challenge. I am a digger and want to know the truth about what really seems to have been going on especially in the Old Testament, which is a very convoluted set of stories or historically unsubstantiated events. Those O.T. and N.T. stories are very confusing and contradict each other. This contamination was deliberate done by those who had evil intentions. They were not from the ORIGINAL CHRISTIAN MOVEMENT THAT WAS DESTROYED BY ROME. Those lies become a can of worms no one wants to open but they are opening none the less today.

I believe we are living in the End of the Ages Tribulation period where LIES WILL BE EXPOSED before the Jewish and Roman Orthodox Catholic and Christian Churches (JROCCC and the STATE BURN for there debaucheries. **Revelations 18.**

- **Revelation 18:** Details the fall and burning of a corrupt, worldly system described as a prostitute who has made the world drunk with her filthiness and "debauchery".

ABRAHAM THE OLD TESTMENT PATRIARCH DID NOT EXIST
NOR DID MOSES WE KNOW THAT TODAY,
THAN WHO WAS THIS ILLUSIVE MAN THE BIBLE STORIES ARE ABOUT?

In addition, no reliable documents and archaeological evidence can confirm the existence of a person named "Abraham".

The fact that they consider themselves the children of Abraham is a spiritual feeling and I don't think they mean biological children.

## DID THE NAME ABRAHAM REPRESENT A BRAHAM PRIEST THAT DID EXIST?

Today I am concentrating on the Story of Abraham who like Moses **never existed**. The Jewish and Hebrew stories in the Old Testament actually seems to have been the story of A Brahman Priest which is where the HEBREW Israelite stories came from.

It appears to me that the Jews writers liked the Story and capitalized on it by claiming the Hebrew A-Braham priest was also their spiritual leader.

You see, the Jews and Israelites were NOT THE SAME PEOPLE GROUPS. Their DNA was different if we follow their yellow brick DNA roads. The Jews were a dark hair dark eyed race red hair green eyed race where the Hebrew people were a WHITE RACE that was associated with the Caucasus Mountains, Mesopotamia Persia and Israel etc.

(Notice that Iran that is being taken out today is part of Persia. Is this a precursor for what is to come for the evil Church and State Beast Movements?)

Scandinavian sects were found all over the Middle and Far East after the Younger Dryas, Pole Shift, Flood periods.

They were survivors of the cataclysmic deluge period after the earth settled down to the configuration the techtonic plates are sitting in today.

We do not know where the Jews came from originally their are all sorts of speculations about their origins using DNA testing, archeology, etc. There were also many Jewish tribes. Then there is also the fact that Judiasm is a Religion. Those who practiced the Jewish religion were known as Jews.

http://britam.org/HebrewTypes.html

We do know that the Hebrew Tribes were a blended race that moved up into Israel from Canaan and that the original Scandinavian Apiru tribes lived on the Hills of Galilee before these migrations started.

The Apriu were considered foreigners in Egypt who traveled in and out of Egypt for commercial reasons.

The Apiru were the indigenous white race in Northern Israel that lived inland from Canaan and the Mediterranean Sea.

**Hiberu and Apiru**

**## Habiru or Apiru or pr.w (Egyptian)[1] was the name given by various Sumerian, Egyptian, Akkadian, Hittite, Mitanni, and Ugaritic sources (dated, roughly, between 1800 BC and 1100 BC) to a group of people living as nomadic invaders in areas of the Fertile Crescent from Northeastern Mesopotamia and Iran to the borders of Egypt in Canaan.[2] Depending on the source and epoch, these Habiru are variously described as nomadic or semi-nomadic, rebels, outlaws, raiders, mercenaries, and bowmen, servants, slaves, migrant laborers, etc.**

**The names Habiru and Apiru are used in Akkadian cuneiform texts. The corresponding name in the Egyptian script appears to be pr.w, conventionally pronounced Apiru (W,or u-vowel "quail-chick" being used as the Egyptian plural suffix). In Mesopotamian records they are also identified by the Sumerian logogram SA.KAS (or SA.GAZ), of unknown pronunciation. The name Habiru was also found in the Amarna letters, which again include many names of Canaanite peoples written in Akkadian. etc, etc. ###**

**Donald B. Redford**, *Egypt, Canaan, and Israel in Ancient Times*, 1992

"The 'apiru and the nomads (Shasu) are the people that the Egyptians, according to the inscriptions of the Eighteenth and Nineteenth dynasties, met in Palestine. These are therefore the ancestors of many of the 'tribes' of the central hill country that we later meet in the biblical narratives about the period of the so-called Judges."

**Gosta W. Ahlstrom**, *The History of Ancient Palestine*, 1993

We know today that the Hebrews did not come from a mass migration out of Egypt they appear to be a people group who bred with the Scandinavian Apiru race that were indigenous to Northern Israel once they immerged into Israel from Canaan. Some of the tribe bred with the Shoshu and Canaanites races before they emerged from Canaan into Israel.. **APIRU + SHOSHU = HEBREW**.

In addition, no reliable documents and archaeological evidence can confirm the existence of a person named "Abraham".

The fact that they consider themselves the children of Abraham is a spiritual feeling and I don't think they mean biological children.

**Dispute Over Whose Children Jesus' Opponents Are**

31 To the Jews who had believed him, Jesus said, "If you hold to my teaching, you
are really my disciples. 32 Then you will know the truth, and the truth will set you
free."

33 They answered him, "We are Abraham's descendants and have never been slaves
of anyone. How can you say that we shall be set free?"

34 Jesus replied, "Very truly I tell you, everyone who sins is a slave to sin. 35 Now a
slave has no permanent place in the family, but a son belongs to it forever. 36 So if
the Son sets you free, you will be free indeed. 37 I know that you are Abraham's
descendants. Yet you are looking for a way to kill me, because you have no room for
my word. 38 I am telling you what I have seen in the Father's presence, and you are
doing what you have heard from your father.[b]"

39 "Abraham is our father," they answered.

"If you were Abraham's children," said Jesus, "then you would[c] do what Abraham
did. 40 As it is, you are looking for a way to kill me, a man who has told you the truth
that I heard from God. Abraham did not do such things. 41 You are doing the works of
your own father."

It looks like the Hebrew people were lead by A BRAHAM priest not Abraham who never actually existed. It seems like the BRAHMANS promoted a spiritual philosophy who became spiritual leaders. In the convoluted New Testament reference above that has been poorly translated to English Jesus

appears to be saying that he inspired the Hebrew Brahman who was not the spiritual leader of the Jews.

In his book Moisés y los Extraterrestres, Mexican author Tomás Doreste states,

Voltaire was of the opinion that Abraham descended from some of the numerous Brahman priests who left India to spread their teachings throughout the world; and in support of his thesis he presented the following elements: the similarity of names and the fact that the city of Ur, land of the patriarchs, was near the border of Persia, the road to India, where that Brahman had been born.

The name of Brahma was highly respected in India, and his influence spread throughout Persia as far as the lands bathed by the rivers Euphrates and Tigris. The Persians adopted Brahma and made him their own. Later they would say that the God arrived from Bactria, a mountainous region situated midway on the road to India. (pp. 46-47.)

Bactria (a region of ancient Afghanistan) was the locality of a prototypical Jewish nation called Juhuda or Jaguda, also called Ur-Jaguda. Ur meant "place or town." Therefore, the bible was correct in stating that Abraham came from "Ur of the Chaldeans." "Chaldean," more correctly Kaul-Deva (Holy Kauls), was not the name of a specific ethnicity but the title of an ancient Hindu Brahmanical priestly caste who lived in what are now Afghanistan, Pakistan, and the Indian state of Kashmir.

"The tribe of loud or the Brahmin Abraham, was expelled from or left the Maturea of the kingdom of Oude in India and, settling in Goshen, or the house of the Sun or Heliopolis in Egypt, gave it the name of the place which they had left in India, Maturea." (Anacalypsis; Vol. I, p. 405.)

"He was of the religion or sect of Persia, and of Melchizedek."(Vol. I, p. 364.)

"The Persians also claim Ibrahim, i.e. Abraham, for their founder, as well as the Jews. Thus we see that according to all ancient history the Persians, the Jews, and the Arabians are descendants of Abraham. (p.85) ...We are told that Terah, the father of Abraham, originally came from an Eastern country called Ur, of the Chaldees or Culdees, to dwell in a district called Mesopotamia. Some time after he had dwelt there, Abraham, or Abram, or Brahma, and his wife Sara or Sarai, or Sara-iswati, left their father's family and came into Canaan. The identity of Abraham and Sara with Brahma and Saraiswati was first pointed out by the Jesuit missionaries."(Vol. I; p. 387.)

It sounds like there were many Brahman Priests just like there were more than one Noah Flood Story in the Middle East. It looks like the Hebrew People were being guided by a BRAHMAN and that the Jews only pretended to be as Jewish writers fabricated their history to make it appear so.

ONCE AGAIN: In the New Testament, the Jews seem to be telling Jesus that A-Brahman was their father yet Jesus seemed to make the point that if the Hebrew Braham was your father you would do as he told you. The Jews referred

to Moses as their leader and we know Moses did not exist either.

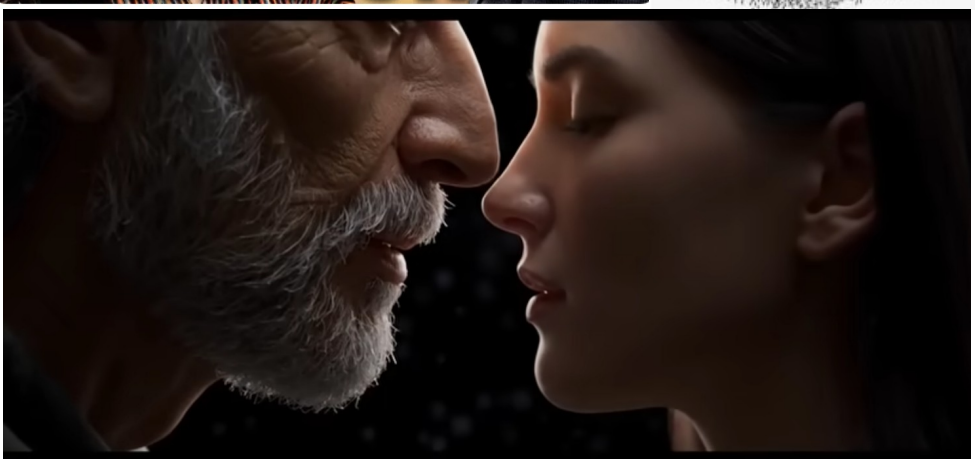
The Old Testament combines the Hebrew storyline with the Jewish storyline in a way that is very hard to separate, out which group is which.  Once you realize this new information, the storylines began to make more sense.

SHASU
HABIRU
Shasu = Nomad
YHWE = JEW
Hyksos = Hekw-Shasu = foreign-nomad
From 1800 BC Canaanite refugees came
then came Jews (not Israelite) and ruled
Egypt 107 year from 1630 to1523 BC.

APIRU + SHOSHU = HEBREW PEOPLE

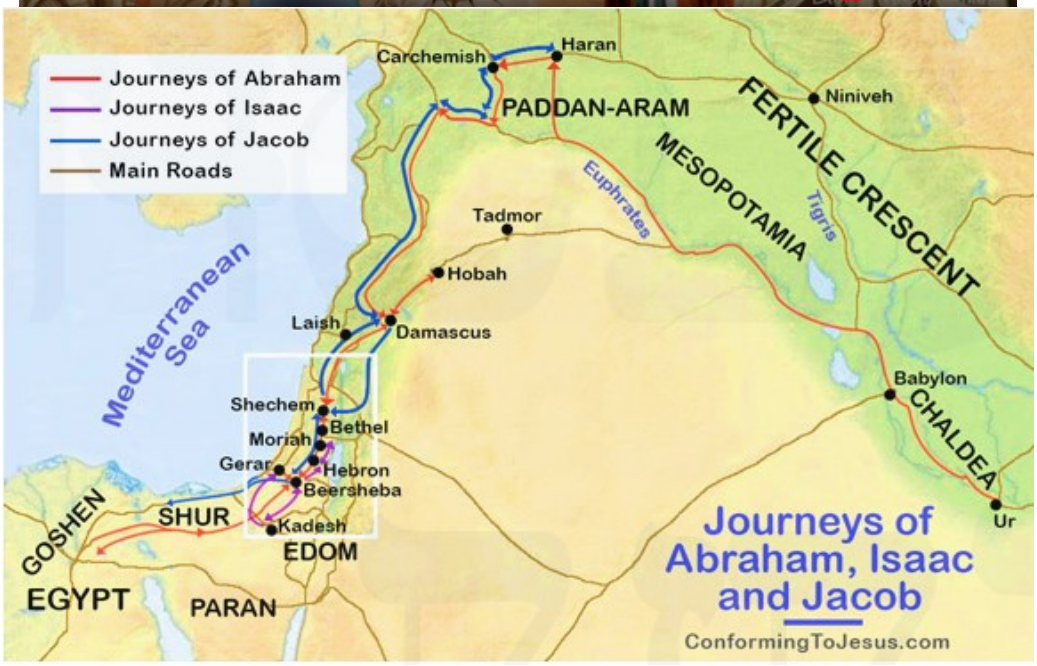
IT LOOKS LIKE THE BRAHMAN (with a wife named Sara) and the Hebrew people TRAVELED FROM UR to SUMER then migrated to HARAN and finally set up housekeeping in CANAAN. They eventually became a mixed race known as the Hebrew People who were once associated with the Apiru

Scandinavians before they bred with the Canaanite Shoshu people.  This is the real story that is only alluded to in the Bible



Jew vs Gentile

It looks like the Hebrew travel route had nothing to do with Egypt where the Jewish writers claim  they came from.  The Jews seem to have been a distinct race that are associate with the Arab Semites, Saudi Arabia and Egypt who seem to have come out of Africa.  I use the word "seem" because the history of these dark hair dark eyed green eyed red headed tribes associate with Cain are UNDER CONTINUAL DEBATE TODAY.  ON THE OTHER HAND we also have to realize that Judaism is a religion that worships Yahweh Ildabaoth the Demiurge YHWH were the Hebrew tribes worship the Fallen Elohim gods.  Talk about a CAN OF WORMS.



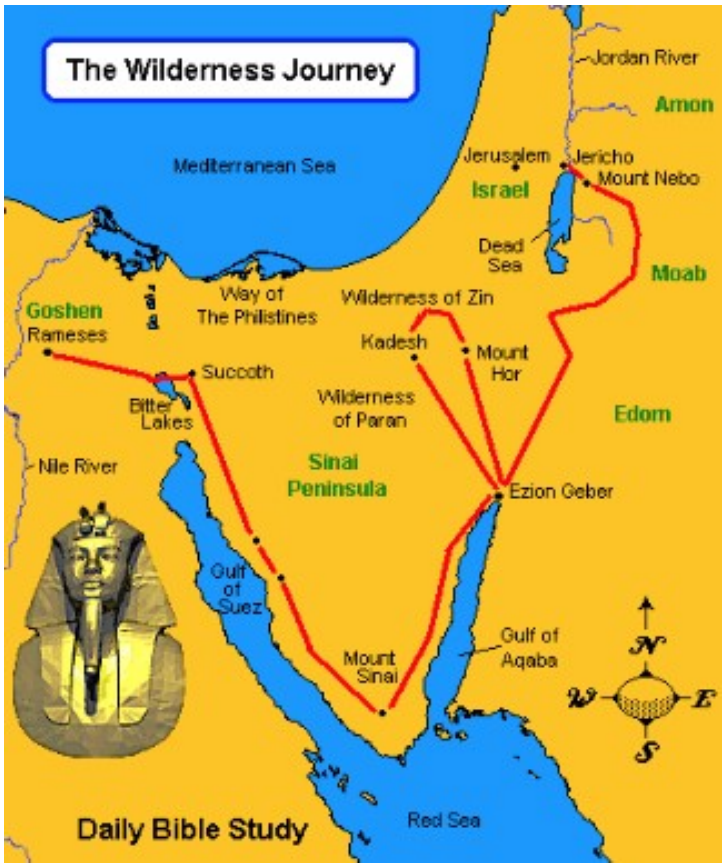
It looks like the Israelites were lead by their Brahman Priest from Mesopotamia to Canaan via a route that took them through Syria and Turkey **NOT EGYPT**.

We have two distinctly different races spoken of in the Old Testament:

1. The white Scandinavian Apiru Gentile Anglo Saxon race Jesus referred to as "my people."

2. The dark hair dark eyed red hair green eyed Jewish races who were the enemies of Jesus.

<u>THE JEWS AND HEBREW  PEOPLE CAME INTO CANAAN FROM DIFFERENT DIRECTIONS</u>



<u>The Jews came in from Egypt, Saudi Arabia and the Red Sea where the Hebrew tribes came from the Caucasus Mountains, Mesopotamia etc.</u>

10:51

According to these Bible legends, the Jews under there fictitious leader Moses left Egypt and went into Saudi Arabia, the land of the Arab Semites and then on into Israel. This tiny desert tribe of serpent worshippers is said to have entered Israel where they were slowly absorbed into the culture, they did not take it by force.

They were a tiny group of desert dwellers not a massive mob of people as the Jewish and unknown Bible writers claim. The Serpent is a symbol for Satan. The Jewish Pharisees worshipped Satan.

A few years after the publication of Behar's study, the molecular biologist Eran Elhaik argued quite differently, that the data actually supported the conclusion that Ashkenazi Jews came from the Caucasus Mountains. This seemed to confirm, he argued, what has come to be known as the Khazar theory,[6] that Ashkenazi Jews descend from a Turkic people known as the Khazars who inhabited the region between Europe and Asia and converted en masse to Judaism during the Middle Ages.

The theory goes back to the 19th century, but was made popular in the United States by Arthur Koestler in a 1976 book called *The Thirteenth Tribe*. It continues to have advocates to this day, including the Ku Klux Klan Leader David Duke, who only recently began to question the theory when he realized that its earlier advocates included communist Jews like Koestler. Historians, relying on textual sources, have exposed many weaknesses in the Khazar theory,[7] but with Elhaik's research, it seemed to find a new scientific footing, the data suggesting that Ashkenazi Jews do not descend from Middle Eastern founders but from a Turkic population in the Russian steppe, as argued by the Khazar theory.
